# Success Criteria

---

1

# Make users experience the life during the WW1

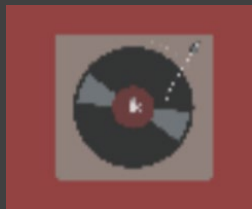

By offering details of the music and photographs during the WW1

2

# Make users immerse in the history of the WW1 comfortably

By immersive music being played throughout the website

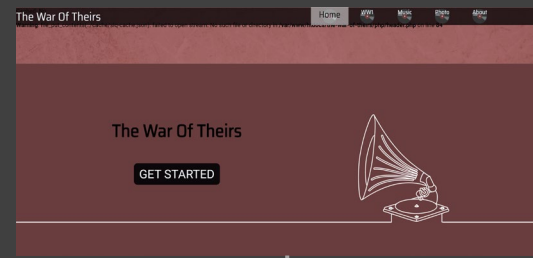

# Interaction Plan

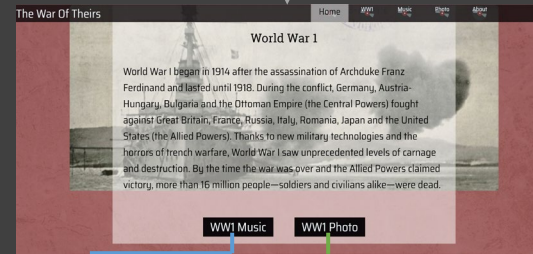

---

- Main Plan
- Music Plan
- Photo Plan

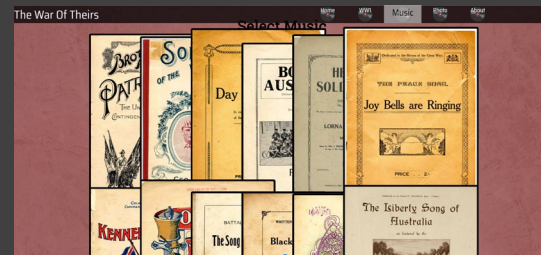

## Homepage

The colour button will be changed when clicking

## WWI page

The colour button will be changed when clicking

## Select Music

The cover represents one Song. Users can pick up one cover to discover more

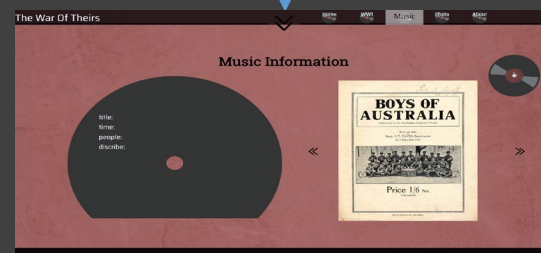

## Play Music

Users can play the music by click the stylus on gramophone. Photos can be appeared by hovering over the music sheet.

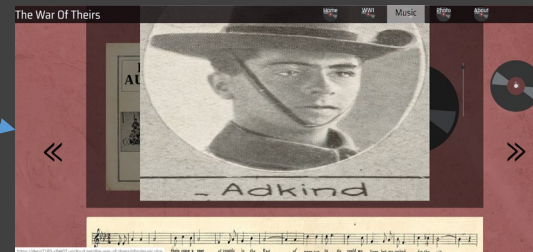

## Music Information

Users click the more details to browse the information of the song in detail.

## Photo Gallery

There is looping photos gallery. Users can watch the photo by click that photo in gallery.

## Hovering Photo

Photos can be appeared by hovering over the music sheet.

## Photo Information

Users can browse the details of the photo by clicking that photo

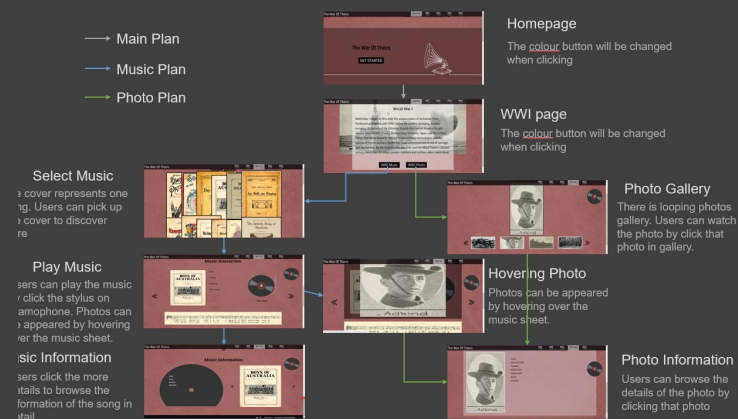

# Evidence of design process

# 1 Refined the interaction flow

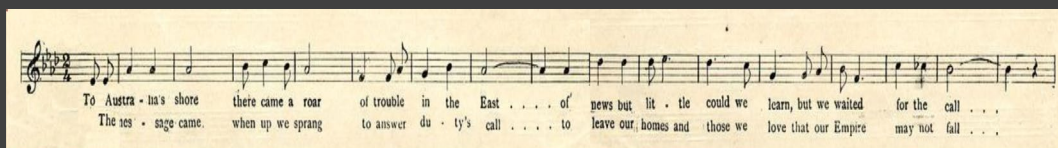

Messy

Clear

# 2 Read a snip of music sheet

# 3 Implemented parts of the website

# Show case demo

# Feedback

- 1 What do you think about the metaphor, such as the gramophone?
- 2 What about the hover function in the snip of music sheet ?
- 3 Could you get enough information from the photography section?
